

SUMMER SENSATION

The background of the title features a sunset gradient with vertical bands of teal, light green, yellow, and orange. In the foreground, there are two dark silhouettes of cows: a larger cow on the left and a smaller calf on the right, both facing right.

ALL BREEDS SALE 2025

NZ DAIRYEVENT, MANFEILD PARK, FEILDING
7PM, MONDAY 20TH JANUARY 2025

This sale will be hosted by bidr[®] (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr[®] using an account held with one of the bidr[®] partner agencies in advance of the sale date.

The bidr[®] team is available to assist intending purchasers with signing up and registering – please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Alternatively, contact your local bidr[®] representative:

FOREWORD

PGG Wrightson's are pleased and excited to be involved with the NZ DairyEvent sale.

With the event now in its 16th year, through this event the sale has given so many people the opportunity to purchase animals of deep pedigree from outstanding cow families across all breeds.

The stock on offer in the catalogue follow those lines, standout individuals for index and type, from exceptional herds many using sexed semen and ET programs. This all means there's been tremendous thought and consideration into every animal on offer.

If your passion is owning, breeding and farming elite genetics or you have an eye for another great cow family for your herd then here's your opportunity, an elite selection of Holstein Friesian, Jersey, Ayrshire, Milking Shorthorn and Brown Swiss.

Breeders and enthusiasts of all breeds will find an animal in this catalogue that will meet your requirements and have influence on your stud. We wish everyone success in advance to vendors and purchasers with the sale and hope to see some of these animals or the offspring of these animals out on farm and perhaps in the showring around the country in the future.

PGG Wrightson wish all exhibitors at the NZ DairyEvent the best of luck and congratulate the committee for the success of this wonderful event.

PGG Wrightson

Thank you everyone for your attendance.

The NZ DairyEvent Committee wish buyers all the best with their purchases.

Please remember to sign the docket, arrange insurance and transport (if needed).

This catalogue was designed by
Holstein Friesian New Zealand.

CONDITIONS OF SALE

In accordance with the NZ Stock & Station Association Auction Terms and Conditions, the following general conditions apply to this auction where applicable.

The following special conditions apply to this sale where applicable:

FEMALE GUARANTEES:

1. Every female shown as bred on a certain date, except any which may have been served within six weeks of sale, is guaranteed in-calf. This guarantee expires 28 days from the sale date.
2. Where a sale catalogue specifies a calving date and the resultant calf is not acceptable for registration by the MINDA service of the Livestock Improvement Corporation (LIC) or by the relevant Breed Society because the calf is born eleven days or more either side of the specified calving date and the paternity is not able to be verified the seller shall refund 25% of the purchase price plus GST direct to the buyer.
3. This clause 2 does not apply if the sale catalogue states that a bull was pastured after AB ceased.
4. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the seller subject to liability under the other clauses contained in the Conditions of Sale. The buyer has the right to retest at their own expense before delivery is made from the place of sale. Where a female is offered for sale as being in-calf, without a supporting veterinary certificate and the female is subsequently proved to be empty, the buyer has the right to return the female or carry out such disposal as the seller may instruct and the seller will refund direct to the buyer the purchase price plus the return transport costs.
5. Cows sold as not in-calf at the time of sale, shall be sold with a guarantee to breed. The term breed shall constitute producing a calf, dead or alive. Should the cow fail to produce a calf by the 31 December 2025, the seller shall refund in full the purchase price direct to the buyer.
6. Yearling heifers sold as unmated are sold with the guarantee to breed. The term breed shall constitute producing a calf, dead or

alive. Should the heifer fail to produce a calf by the 31 December 2025, the seller shall refund in full the purchase price direct to the buyer.

7. Where females are sold as not in calf, (including yearlings and calves), are flushed for embryo transfer, either with or without success, all guarantees to breed become null and void.
8. Where any female sold as being in-calf proves to be carrying a mummified calf, no liability will fall on the seller.
9. Any animal which is sold as in-calf but subsequently aborts the fetus after delivery is the responsibility of the buyer and no liability will fall on the seller.
10. Any claim to the auctioneers must be accompanied by a veterinary certificate.

GENERAL CONDITIONS:

DELIVERY: Each lot shall, immediately on the fall of the hammer, be at the risk of the buyer.

INSURANCE: If transit or annual insurance is required, such cover can be arranged through the auctioneers.

INSTRUCTIONS: Buyers must sign dockets before leaving the sale and leave full delivery instructions.

TRANSFERS: Sellers are responsible for the completion of transfers. No buyers shall be entitled to withhold payments for stock pending delivery by the seller of the relevant breed society transfer certificate or LIC Animal Location Transfer Certificate.

PAYMENT TERMS: Payment 14 days after date of sale.

PGW's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a PGW monthly credit account, then PGW's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by PGW.

This stylish red calf derives from the 2x WDE Supreme Champion Erbacres Snapple Shakira EX97. Her grandam is from one of the highest producing cows owned by Opal Genetics having done two seasons of around 840kgMS in 305 days. She was a beautiful middle age cow that was suggested to be put in the show ring. This calf has a great nature and we at Opal Genetics are proud to offer this quality calf as our first NZ DairyEvent sale animal.

Genomic tested through Samen.

SIX SEXED MOET EMBRYOS

Vendor: **STORMROSE HOLSTEINS**

Grandam, Bluechip Finalcut Marion VG88. Photo: IDW

**Grandam, Bluechip Finalcut Marion VG88
at the 2015 Victorian Winter Fair**
Photo: Brooke Somerville

SIX SEXED, STANTONS CHIEF (117962) X BLUECHIP SOLOMON MARION-ET VG86, EMBRYOS.

Embryos stored at World Wide Sires.

One of Bluechip's most exciting families that is the first offering into the New Zealand market. This family is headed by powerhouse matriarch Melville Park Iron Marion EX93-3E (Boss Iron x Juror x Lindy x Mascot x Calbrett Blackstar Marion-ET). The sire stack explains why this family has been able to put together the following achievements relentlessly.

Bluechip Drake Marion EX (x Iron Marion) bred the 2014 and 2015 back-to-back Junior Champion at the Victorian Winter Fair (VWF) – Bluechip Finalcut Marion – and the 2015 Honourable Mention Junior Champion at the VWF, Bluechip Golddust Marion.

Finalcut Marion was 2nd J2yrs (and Best Udder) at IDW 2016 – delivering on her promise. She rounded everything out with five Golden Dreams daughters – four of which have been shown.

Iron Marion also bred Dundee Marion EX, who was Honourable Mention Intermediate Champion at IDW 2013.

In turn, Dundee Marion bred Bluechip MH Hero Marion – who is undefeated in her age class at two IDWs and two VWFs. Hero Reserve Champion from the 2016 VWF.

THREE SEXED EMBRYOS

Vendor: DR PIPE

An opportunity to get a direct daughter of this powerhouse type and production family. Sue is breeding extremely well and Jagger is very highly regarded in Australia and around the world. Siring the modern kind, well balanced with very good udders. At Clover-Lane I'm getting very good pregnancy rates with frozen IVF embryos. I already have one pregnancy from this flush.

BIG PICTURE MANAGEMENT

SEMEX SOLUTIONS MAKE GENETIC DECISIONS EASY

The number of decisions you're factoring into genetic planning and breeding selection is only growing more complex. To keep up with the pace of genetic gain, a herd needs to be doing more than purchasing the right sires and Semex is ready to help you do it!
